Sir:

**AMENDMENT AND RESPONSE**

In reply to the Office Action dated June 3, 2002, the period for response having been extended one month to October 3, 2002, please amend the application as follows:

**IN THE CLAIMS:**

Please amend claim 1, as follows:

1. An adhesive composition comprising an organic polymer having in the polymer backbone amine groups selected from the group consisting of primary and secondary amine groups and mixtures thereof and a crosslinking agent for crosslinking the polymer to a fibrous web, said agent being selected from zirconium compounds wherein the zirconium has a valence of plus four, wherein the composition is a releasable adhesive.
